

## ADDRESSING GENDER-BASED VIOLENCE

- ◆ From 2 to 9 May, the UN & ICRC facilitated a safe passage of more than 600 people, the majority of whom are women and children, from Mariupol to Zaporizhzhia. UNFPA was on the ground with **four psychologists and social workers** giving much needed psychosocial support and medical referrals to traumatised evacuees and distributing female essentials packs to women and girls.
- ◆ UNFPA is collaborating with **10 shelters, eight crisis rooms, three daycare centres and nine services delivery points** across Ukraine, prepositioning supplies, distributing dignity kits and essential packs based on needs assessment and ensuring women and girls, especially survivors of GBV, have access to specialised care.
- ◆ **Twenty-four UNFPA mobile teams** are providing psychosocial support across 12 oblasts, providing women and girls with psychosocial care and critical and much needed referrals to health, legal, and protection services and service providers.
- ◆ UNFPA is supporting the National Hotline for GBV operated by LaStrada. During the reporting period **720 online requests and call where received**, out of which 184 are GBV cases.

## ENSURING SAFE BIRTH & REPRODUCTIVE HEALTH

- ◆ **Two reproductive health mobile teams** deployed in Kyiv & Dnipro regions providing sexual and reproductive health services to women and girls and referrals to specialised medical services, especially for severe cases that require immediate attention and treatment.
- ◆ During the reporting period, UNFPA partner, the Ukrainian Medical Mission (UMM), provided medical check-up and referrals to **four new cases of sexual violence in conflict**. Within the last two weeks, **26 women and girls reported being raped** and received post-rape treatment and care and were referred to psychological support services and specialized services.
- ◆ **54 metric tons of critical reproductive health supplies, medicines and equipment** arrived in Ukraine to be distributed to maternity hospitals in Chernihiv, Sumy, Kherson, Mykolaiv and other cities in hard-to-reach areas. To date, **13 metric tons were delivered** to areas affected by the war.
