

TERMS OF REFERENCE	
Hiring Office:	UNFPA Ukraine
Title:	National Consultant on GBV and SRH Specialized Services Integration
Purpose of consultancy:	<p>The ongoing war and humanitarian crisis in Ukraine has had a direct and a highly negative impact on community security, livelihoods, resilience and the rule of law in the country. Recognizing the need to urgently address SRH needs and in accordance with the organizational mandate, the United Nations Population Fund implements comprehensive Humanitarian Response Plan which focuses on women’s and girls’ needs and support their rights, health and dignity through programming that systematically seeks for SRH and GBV linkages. The proposed intervention, will mitigate risks of GBV and advance access of GBV survivors and those at risk to direct services, while also making the greatest focus on the life-saving interventions for the sexual and reproductive health (SRH) needs of women and girls. Specifically, the project will focus on lifesaving SRH services including clinical management of rape and on GBV service provision, including psychosocial support. Outreach activities will ensure awareness-raising, communication, and advocacy about service availability and support for GBV risk mitigation efforts across the humanitarian response.</p> <p>UNFPA has strong working relations with health authorities across the country, as well as organizations managing Gender-Based Violence in Emergencies (GBViE) response, risk mitigation and prevention programmes, with a particular focus on response services.</p> <p>The National Consultant will support UNFPA to successfully implementat the new models of SRH/GBV integrated servises in the form of introducing a case management component in health facilities as well as improving the cooperation of SRH and GBV service provision in target communities, ensuring the efficient referral of GBV survivors and enhance the effective intersectoral coordination within GBV response and prevention local systems.</p>
Scope of work: <i>(Description of services, activities, or outputs)</i>	<p>The consultant will facilitate the work of UNFPA to increase access of vulnerable groups representatives to the much needed SRH and essential SRH/GBV integrated services, improving the policy of service provision as well as development an effective integration of GBV and SRH services in target communities, strengthening the local systems of GBV response and prevention.</p> <p>Particularly the National Consultant will:</p> <ul style="list-style-type: none"> ● Improve the assessment tool of SDPs service provision and analyse the efficient of the new SDPs operation in target communities, identify priority areas for UNFPA support to ensure access of GBV survivors and people at risk to quality-specialised assistance, with a special focus on SRH service provision and cooperation between GBV/SRH specialised services. ● Facilitate the cooperation with UNFPA implementing partners and relevant stakeholders on all matters related to UNFPA SRH/GBV integrated services. ● Support the development of an approach for timely and effective referral of UNFPA launched Health service delivery points (SDPs) served cases to the existing system of healthcare in close cooperation with local health authorities and other service providers. ● Contribute, support and participate in monitoring visits and official donors missions when required. ● Expert-consultation support in the organization of thematic trainings to build the capacity of specialists involved in target SDPs operation. ● Carry out any other duties as may be required by UNFPA country office management.

<p>Expected deliverables</p>	<p>Monthly:</p> <ul style="list-style-type: none"> ● Workplans of implementing partners engaged in the SDP case management component are reviewed and revised as need; advisory support on designing and conducting activities is provided. ● Monitoring (online or offline) of the project delivery is conducted, report is provided. ● Assessment of intersectoral cooperation between GBV and SRH services in target municipalities conducted; recommendations for improvements (if any) are provided. ● Recommendation for increasing SDPs' visibility with specific focus for adolescent girls, GBV survivors, key population representatives, people with disabilities, HIV positive people, IDPs as well as critical populations for STD and HIV prevention by SRH issues is provided. ● Comprehensive, outcome-oriented, evidence-based inputs to the UNFPA project proposals and progress reports is provided. <p>Quarterly:</p> <ul style="list-style-type: none"> ● Quarterly progress reports of relevant implementing partners are reviewed; recommendations are provided. <p>By the end of contract:</p> <ul style="list-style-type: none"> ● Approaches to UNFPA SDPs functioning in healthcare facilities (SOPs and referral pathways) are standardized and unified. ● Recommendations for strengthening of the SDPs reporting mechanism, including part of assessment of the service provision in terms of vulnerable groups accessibility and patient-centered approach, are provided.
